CALLUM LUXFORD

Junior Full-Stack JavaScript Developer | React | Node.js | MongoDB

Essex / London, UK | +44 7386709495 | callum.luxford.dev@gmail.com
Portfolio: https://callumluxford.dev

PROFESSIONAL SUMMARY

Junior Full-Stack Developer with 2–3 years of hands-on experience building and deploying web applications using React, Node.js, Express, and MongoDB. Delivered freelance projects for small businesses and built personal full-stack applications including authentication systems, REST APIs, and database-driven platforms. Seeking to grow within a collaborative development team while contributing to production systems.

TECHNICAL SKILLS

- Languages: JavaScript (ES6+), Python, HTML5, CSS3
- Frontend: React, Tailwind CSS, Responsive Design, REST API Integration
- Backend: Node.js, Express.js, JWT Authentication, REST API Design
- Databases: MongoDB (Mongoose), MySQL
- Tools & DevOps: Git, GitHub, CI/CD, VPS Deployment (Linux), Environment Configuration

PROFESSIONAL EXPERIENCE

Freelance Full-Stack Developer – onew3rld.ai (2024 – Present)
- Designed and deployed a multilingual QR-based landing platform delivering localized video content.
- Built REST APIs using Node.js and Express to handle routing and dynamic content delivery.
- Implemented MongoDB database structures for scalable content management.
- Managed production deployments using Git workflows and environment configuration.
- Developed an RSA training demo application simulating Alcohol Licensing law education in the UAE.
- Built 'Sw4ps', a face-swap prototype web application exploring image manipulation workflows.

Freelance Developer – Dynamic Roofing Solutions (2024)
- Designed and launched the company's first responsive website.
- Improved digital presence and customer enquiries through optimized structure and SEO practices.
- Delivered full project lifecycle from design to live deployment.

Sales & Marketing Account Manager – BookabuilderUK (2022 – 2023)
- Worked with bespoke software tools in a B2B environment.
- Managed CRM systems and automated reporting workflows.
- Exceeded revenue targets through stakeholder communication and relationship-building.
- Developed transferable skills in requirement gathering and client communication.

PROJECT HIGHLIGHT

FilmStash – Full-Stack Film Tracking Platform (Ongoing Personal Project)
https://demo.filmstash.co.uk
- Built with React, Node.js, Express, and MongoDB.
- Implemented JWT authentication and user dashboards.
- Integrated external APIs and implemented cursor-based pagination.
- Designed RESTful API architecture and managed deployment environments.
- Continuously iterating and improving features, performance, and architecture.

EDUCATION

Digital Skills Bootcamp – Software Development | Just IT Training Ltd (2023 – 2024)
Intensive 12-week programme covering JavaScript, React, Node.js, Express, database integration, and Agile principles.

Bachelor of Arts (BA) – Acting | Staffordshire University (2015 – 2018)
